

REFUND INFORMATION

The date of withdrawal from a class at the University is the date that the Registrar's Office receives a written notification of withdrawal or the date the student drops the class online.

In order for tuition charges to be reversed at 100% for complete withdrawals, programs on the quarter system (except University College) should refer to the Academic Calendar (<http://www.du.edu/registrar/calendar>) on the Office of the Registrar's website, for specific refund dates. Refunds are first applied to any obligations owed to the University, including charges with future dates.

Note: *Some units may have different policies regarding tuition, fees and payments. Contact the unit for details.*
