TUITION CHARGES

Tuition for most programs during the regular academic year (fall, winter, and spring quarters) is charged at a flat rate for students carrying 12 through 18 credit hours. Students in a flat rate program will be charged the hourly rate on each hour taken beyond 18 hours per quarter.

Other academic programs, such as Sturm College of Law, Daniels College of Business, University College and some distance education programs, may have a different tuition rate and students in those programs may not be eligible for the flat rate. Tuition charges for residents or non-residents of Colorado are the same. The University reserves the right to make changes in tuition charges or refund policies without advance notice.
