

VISITING SUMMER STUDENTS

The University of Denver has open enrollment for visiting students during the summer session. Students planning to enroll for the summer without the intention of obtaining a degree from the University of Denver will be considered a visiting student. Domestic students visiting for summer quarter register directly through the Office of the Registrar; they do not apply, nor do they submit transcripts. Please visit Summer @ DU (<https://www.du.edu/summer/>) for more information.

Undergraduate level visiting students who wish to continue at the University beyond the summer session must complete an Application for Admission (<https://www.du.edu/admission-aid/undergraduate/>).

Additional information about the summer quarter is available in the academic calendar (<http://bulletin.du.edu/undergraduate/aboutdu/academiccalendar/>) section of this Bulletin and on the Office of the Registrar's website (<https://www.du.edu/registrar/>).
