Art (ART)

Courses

**ART 1055 Ceramics for Beginners (4 Credits)**
Maynard Tischler teaches this Interterm course for TWC students who have little or no prior experience working with clay. Professor Tischler uses slides, demonstrations, and instructions to introduce students to working with clay. Students complete 3-4 pieces of functional ceramics and one small-scale sculpture in the course. All pieces will be decorated, glazed, and fired by the completion of the final class. Course open to Colorado Women's College students only.

**ART 2000 Creativity for Women (4 Credits)**
Course open to Colorado Women's College students only.

**ART 2400 Fearless Photography (4 Credits)**
The course begins by introducing students to the language of photography. Students are then be familiarized with basic camera techniques in the photographic studio. Each student shoots individual or combination photographic portraits in the studio. Then students make black and white photographic prints in the darkroom. Each student prepares one of their final photographs for an exhibition. Course open to Colorado Women's College students only.

**ART 2701 Special Topics in Art (4 Credits)**
The course introduces students to histories of art across various time periods and cultures. The exploration of topics in art history varies, reflecting the interests and expertise of the instructor. Course open to Colorado Women's College students only. Course open to Colorado Women's College students only.
