

# FIRST-YEAR SEMINAR (FSEM)

---

## **FSEM 1111 First Year Seminar (4 Credits)**

First Year Seminar topics reflect the intellectual passions of the faculty who lead them. Seminars introduce students to the rigorous academic expectations of university-level work; as small, highly interactive courses, they help students improve skills in one or more of the following areas: writing, quantitative reasoning, critical thinking, presentation and argument, and/or information literacy. The instructor of the seminar serves as the student's mentor for the student's entire first year. This course is required for all first-year students.
