Hospitality Management (HRTM)

Courses

HRTM 1100 Exploring Hospitality Management (2 Credits)
This is an introductory course designed to provide students with a broad overview of the hospitality industry and the various segments that comprise the industry. The course focuses broadly on travel and tourism; on the elements that make resorts what they are—food and beverage/restaurants; lodging; sales, marketing, and revenue management; spa and retail management—and on other facets of hospitality.

HRTM 1120 Distinguished Lecture Series (1 Credit)
Senior executives from various segments of the hospitality industry provide students with their insights about competition and challenges within the industry.

HRTM 1120 Industry Work Experience (0 Credits)
Faculty supervised work experience. Prerequisites: HRTM 1100 and completion of 500 hours of approved work experience.

HRTM 1992 Directed Study (1-4 Credits)

HRTM 2201 International Experience (0 Credits)
Students spend one quarter in an international setting taking courses while touring and observing overseas hospitality operations.

HRTM 2202 Management Intern Program (0 Credits)
Preferably, this internship is full-time, continuous employment for ten-weeks with a minimum of 400 hours and is designed to allow students to increase their exposure to the hospitality industry and continue to reconcile their classroom learning with industry practice. Prerequisites: HRTM 1200, degree checkpoint 2, minimum of 400 hours of approved management internship, and at least 1000 hours in total work experience and internship hours.

HRTM 2321 Health and Food (3 Credits)
Nutrients in foods and their metabolic functions; assessment of nutritional status and dietary adequacy; applications to phases of human life cycle; considerations of special groups such as athletes; diet fads and fallacies; considerations for food-service managers and customers. Prerequisites: HRTM 2360, HRTM 2401 and degree checkpoint 2.

HRTM 2322 Cooking Well, Eating well (4 Credits)
This course educates students about current food/health trends, basic nutrition, and trains them to produce healthy, restaurant quality meals. This course is for non-majors only.

HRTM 2360 Managing the Restaurant Operation (4 Credits)
In HRTM 1100, Exploring Hospitality Management, students are introduced to various aspects of restaurant/food and beverage management and basics about them. From here, we advance to a more thorough overview of the management of various food and beverage operations, specifically focusing on restaurants. Topics include safe food and beverage service, product specification and procurement, labor scheduling, revenue control and collection, and other management functions required for success in food and beverage operations. Prerequisite: HRTM 1100.

HRTM 2361 Contemporary Cuisine (4 Credits)
Judging by their high failure rate, restaurants can be one of the most difficult and complex businesses to manage. This course builds on previous food and beverage courses by providing hands-on experience running and managing a restaurant environment. Through the opening and running of two live restaurant operations for a night each, the course enables students to put into practice the managerial aspects of full-service restaurant operation, from menu planning and implementation to financial analysis, including systems, tools and reporting. Prerequisites: HRTM 2360 and HRTM 2401.

HRTM 2401 Hotel and Resort Management (4 Credits)
This course presents an overview of the management of a various lodging properties, specifically focusing on rooms division operations. The perspective taken is strategic perspective, identifying and considering issues of concern to general managers of all types of lodging properties, with a particular focus on profit maximization (yield/revenue management) and distribution channel management. The broader political, economic, social, and technological environments and trends and their impact on lodging operations are considered. The perspective is global and includes considering how lodging operations differ in various parts of the world. Prerequisite: HRTM 1100.

HRTM 2402 Revenue Management (4 Credits)
This course provides an introduction to the basic principles and practices of revenue management in the hotel and restaurant industry. Students acquire the fundamental analytical skills needed to apply revenue management concepts and methods in demand forecasting, pricing, and revenue optimization techniques in hotels and restaurants. Prerequisites: HRTM 2360, HRTM 2401 and ACTG 2300.

HRTM 2501 Managing Human Capital in Hospitality (4 Credits)
People are the heart of any organization and can be a source of competitive advantage, particularly in a hospitality environment. This course prepares students to develop and manage successfully the processes and systems that help hospitality firms develop a competitive advantage through people and build a service culture, including recruiting, selecting, onboarding, and developing employees in order to retain them in both union and non-union environments. Prerequisites: HRTM 2360 and HRTM 2401.

HRTM 2502 Hospitality Cost Management (4 Credits)
The use of industry statistics and a uniform system of accounts for hotels and restaurants to determine an operation's position in the marketplace. Prerequisites: HRTM 1100, HRTM 1200, HRTM 2360, HRTM 2401 and degree checkpoint 2.
HRTM 2504 Hospitality Technology and Analytics (4 Credits)
Hospitality Technology and Analytics serve as an introduction to hospitality technologies and technology-enabled data analytics. This course surveys diverse aspects of consumer-facing hospitality technologies (social media, mobile, distribution channel, sharing economy, etc.) and in-house systems of hospitality operation (event-planning system, property management system, and point-of-sale system, etc.) In addition, this course provides an introduction to the field of business intelligence and data analytics, which has been defined as the extensive use of data, statistical and quantitative analysis, and fact-based management to drive decisions and actions in the hospitality industry. Specifically, the course looks at the managerial aspects associated with the application of hospitality technologies and technology-enabled data analytics to achieve strategic business goals. Prerequisites: HRTM 1100, HRTM 2360, HRTM 2401, Daniels Checkpoint 2.

HRTM 2506 Event Sales and Services (4 Credits)
This course addresses all that is involved in the sales and production of catered events, trade shows, and meetings, from the perspective of planners, venue salespeople, and event managers. Students learn how to market and sell a venue; produce and respond to requests for proposals; work directly with clients during the booking process and event execution; address risk management and contractual issues; and perform other event and meeting sales and planning functions. Prerequisites: HRTM 2360, HRTM 2401 and MKTG 2800.

HRTM 2605 Hospitality E-business (4 Credits)
Advances in information technology (IT), the Internet, mobile technologies, and social media create opportunities and threats for hospitality organizations. Electronic business (e-business) addresses technology application in all aspects of a business and the guest lifecycle to expand market reach, achieve efficiencies and scale, grow revenues, manage relationships, and reduce labor to create value for the firm. This course focuses on hospitality technology trends, strategies, and tactics to support business-to-business (B2B), business-to-consumer (B2C), business-to-employee (B2E) interactions and commerce transactions through technology.

HRTM 2640 Franchising and Entrepreneurship (4 Credits)
The franchising and entrepreneurial aspects of hospitality ownership including franchising, franchising law, contracts, assessments, and ownership. Prerequisite: HRTM 2502.

HRTM 2992 Directed Study (1-4 Credits)

HRTM 3000 Wines of the World (4 Credits)
A survey course of the wines of the world, including old and new world wines; still, sparkling, dessert and fortified wines; viticulture and viniculture. Prerequisite: must be at least 21 years of age. Non-majors only.

HRTM 3301 Beverage Management (4 Credits)
Organization and management of the beverage operation of resorts, restaurants, hotels, clubs and other licensed premises. Emphasis on product knowledge, responsible beverage service, facility design and operational practices. Prerequisites: degree checkpoint 2, senior standing and must be 21 years of age.

HRTM 3302 Advanced Beverage Management (4 Credits)
This course helps students develop an understanding of the management of alcoholic beverage outlets in resorts, hotels, restaurants and clubs; it is a continuation of the introductory course and expands students' knowledge and experience with wines and spirits in commercial settings. Product knowledge continues to include the agricultural elements, production, and marketing of beverages containing alcohol. Topics relative to the social, cultural, political and economic aspects of alcohol and alcohol service are discussed. A significant component of those discussions is the duty to provide responsible service in both licensed premises and in social settings, including the social and legal ramifications of disregarding such duties. Field trips are an integral part of this course and attendance is expected. Prerequisites: HRTM 2361, HRTM 3301 and permission of instructor.

HRTM 3360 Restaurant and Food and Beverage Concept Development (4 Credits)
In previous food and beverage courses you obtained the knowledge and skills to perform the basic management functions required for a successful career in F&B operations, put these skills into practice and opened two “restaurants for a night.” In this course you will acquire the skills required to develop and brand a new restaurant. Prerequisites: HRTM 2361 and HRTM 3301.

HRTM 3401 Managing Mixed Use Properties (4 Credits)
This course is designed to introduce the student to the structure and management of mixed use resort/hotel properties. With the emergence of condo-hotels, timeshares, and private residence clubs, it is important for lodging professionals to understand the structure and ongoing management of these mixed use investments. In addition to the various types of hybrid hotels with some type of real estate component, the course examines the management of retail, fitness club, and other recreational facilities that have some membership component and/or serve the local community as well as hotel guests and property owners. Prerequisites: HRTM 2402 and degree checkpoint 2.

HRTM 3402 Hospitality Asset Management (4 Credits)
This course examines the fiduciary responsibilities associated with managing lodging operations to achieve ownership goals. The asset manager’s role in building value is examined at both the portfolio and property levels. Guest speakers from the field provide insight into current lodging market and operational challenges. Prerequisites: HRTM 2402 and HRTM 3401.

HRTM 3503 Lodging Sales Management (4 Credits)
This course addresses all that is involved in the structure, management, and operation of resort/hotel sales departments, focusing on the tools, technical and interpersonal knowledge, skills, and abilities required of a sales manager and the strategic thinking and planning required of a director of sales. Prerequisites: HRTM 2402, HRTM 2506 and degree checkpoint 2.
HRTM 3560 Resort and Tourism Marketing (4 Credits)
In examining the tourism system the traditional 4 ‘Ps’ of marketing are recast to examine what makes a successful destination (Product), how services are priced (Price), how destinations promote themselves (Promotion) and the role of various channels of distribution (Place).

HRTM 3600 Lodging Valuation Principles (4 Credits)
This course introduces students to the basic fundamental analysis of methods and techniques of real estate investment, finance, and valuation as they apply to the lodging industry. The course covers time value of money, basic discounted cash flow techniques, financing instruments, appraisal methods, and valuation techniques for income producing lodging properties. Students utilize computer software and spreadsheets for solving real estate problems. Practical applications provide students with the analytical tools and techniques to make effective real estate investment and financing decisions. Prerequisites: ACTG 2300, FIN 2800, HRTM 2502, HRTM 2504 and degree checkpoint 2.

HRTM 3602 Facility Layout and Design (4 Credits)
Foodservice layout and design is related to operating issues, new building construction, and renovations. Prerequisites: HRTM 2501, HRTM 2502 and HRTM 2504.

HRTM 3650 Leadership in Hospitality (3 Credits)
This course provides students with the knowledge, skills, and attitudes necessary to undertake leadership responsibilities in complex organizations. This course applies concepts and methodologies from the social and behavioral sciences in the analysis of leadership behavior in diverse organizational and community settings. Prerequisites: HRTM 2501, HRTM 2502 and HRTM 2504.

HRTM 3675 Club Management (4 Credits)
Organization and operation of private, corporate and public clubs; history and evolution of club field, types of clubs, organizational structure, management roles; operations focus on management of diverse functions such as clubhouse, recreational facilities and entertainment; emphasis on the similarities and differences between club and other food and beverage operations. Prerequisites: HRTM 2501, HRTM 2502 and HRTM 2504.

HRTM 3700 Topics in Hospitality Mgmt (1-4 Credits)
Exploration of various topics and issues related to the hospitality industry.

HRTM 3800 Hospitality Services Management (4 Credits)
The evaluation, design, and management of service delivery systems through operations management topics from a service perspective. Included are other related topics such as customer satisfaction and managing organizational change. Prerequisites: degree checkpoint 2, HRTM 1100, HRTM 1120, HRTM 2360, HRTM 2401, HRTM 2501, HRTM 2502, HRTM 2504 and one of the following: HRTM 3301 or HRTM 3401 or HRTM 2402 and HRTM 2506.

HRTM 3991 Independent Study (1-10 Credits)
Independent research/study; requires written report. Prerequisite: instructor's permission.

HRTM 3992 Directed Study (1-10 Credits)
