

MEDICAL LEAVE OF ABSENCE

Medical Leaves and Reentries

A student with a mental health and/or physical health condition may elect to apply for a Medical Leave of Absence from the University. The Medical Leave of Absence and Medical Reentry Policies describe the circumstances under which a student may request a Medical Leave of Absence and the student is responsible for both the documentation for the Medical Leave of Absence and the Medical Reentry process. The procedures the student must follow are outlined in the policy.

The full policy can be found here: <https://www.du.edu/studentlife/studentsupport/media/documents/du-medical-leave-of-absence-and-reentry.pdf>
