

# DEGREES AND PROGRAMS OF STUDY

The chart below lists the majors, minors, concentrations and applicable degrees available. Many majors, and some minors, may only be pursued in conjunction with specific degree programs. If a major or minor may only be pursued with a specific degree program, this is indicated by the degree acronym in the chart below.

Programs of study available as "secondary majors (<http://bulletin.du.edu/undergraduate/undergraduateprograms/traditionalbachelorsprogram/concurrantbaccalaureatedegrees/>)" in the traditional bachelors program, which may be pursued as a secondary curriculum regardless of the student's degree program, are also indicated below.
